

Limitlessbrainlab

CLIENT REQUIREMENTS DOCUMENT

Prepared by: Development Team | Date: 12 June 2026 | Version: 1.0

Purpose: This document outlines the outstanding assets and information we require from the client in order to complete the Limitlessbrainlab platform. Please review each requirement and provide the requested items at the earliest so we can proceed without delays.

Requirements at a Glance

#	Requirement	Priority	Section
1	Yoga Nidra Mantra Videos	HIGH	Video Library
2	Updated Payment Credentials	CRITICAL	Book Coach / Brain Coach
3	Systemized Care Program — Video URL Excel Sheet	HIGH	Customized Program
4	Nootropics Section — Banner Image	MEDIUM	Nootropics
5	About Brain / Academy Section — Content & Suggestions	MEDIUM	About Brain

1 Yoga Nidra Mantra Videos

HIGH

What We Need

- All Yoga Nidra mantra video files — or hosted video URLs — to be integrated into the platform's video library.
- Each video should be provided with the following details:
 - Video title (e.g., 'Yoga Nidra — Session 1', 'Morning Mantra', etc.)
 - Duration
 - Language / version (if multiple exist)
 - Hosted URL *or* downloadable file

Preferred Format

Video format	MP4 (H.264) preferred; YouTube / Vimeo / Wistia URL also accepted
Resolution	720p minimum, 1080p preferred
Delivery	Shared Google Drive folder, Dropbox link, or direct upload to our storage
Thumbnail	One thumbnail image per video (JPG/PNG, 16:9 ratio)

Note: Please share all Yoga Nidra mantra videos in one batch. If the videos are already hosted on a third-party platform (YouTube, Vimeo, etc.), please provide the exact shareable URLs — we will embed them directly.

2 Updated Payment Credentials

CRITICAL

Background

During a previous discussion, **Dr. Sweta** raised a question regarding the payment gateway credentials associated with the coaching booking flow. We need clarity and updated credentials for the following feature (exact section name to be confirmed by the client):

Option A	Book Coach — the booking button / flow labelled 'Book Coach'
Option B	Book a Coach — labelled 'Book a Coach'
Option C	Brain Coach — the 'Brain Coach' section or product

What We Need

- Confirmation of which section/label the payment gateway applies to (Book Coach / Book a Coach / Brain Coach).
- Updated payment gateway credentials including:
 - Merchant / Account ID
 - API Key & Secret Key
 - Payment gateway provider name (Razorpay, Stripe, PayU, etc.)
 - Test credentials (if applicable) for sandbox testing
 - Live / Production keys (to be shared securely)

Security Note: Please share live/production credentials via a secure, encrypted channel (e.g., 1Password shared vault, Bitwarden Send, or an encrypted email). **Do NOT share keys over plain email or WhatsApp.**

3 Systemized Care Program — Video URL Excel Sheet

HIGH

Context

The Customized Program module contains a structured set of video sessions mapped to the Systemized Care Program algorithms. Each video button on the platform must redirect the user to a specific video. For this to work, we require the **exact URL** for every video — we cannot use placeholder or generic links.

What We Need

- A single Excel workbook (or Google Sheet) containing all Systemized Care Program videos.
- Each row in the sheet must include the following columns:

Column	Description	Example
Program / Category	The care program or algorithm group the video belongs to	Stress Management, Sleep Protocol
Session Number	Sequence number of the session within the program	1, 2, 3 ...
Video Title	Exact title as it should appear on the platform	Day 1 — Breath Awareness
Video URL	Full, direct URL to the video (YouTube, Vimeo, S3, etc.)	https://youtu.be/xxxxxx
Duration	Length of the video in mm:ss	12:30
Description / Notes	Any additional instructions for the user (optional)	Watch before sleeping

Important: Each video URL must be publicly accessible or accessible with a shareable link. Private / password-protected links will not work for in-platform embedding or redirect. Please test each URL before sharing the sheet.

4 Nootropics Section — Banner Image

What We Need

The **Nootropics** section of the platform currently has a placeholder in the banner area because the client has not yet provided the banner artwork. We require the following:

Asset type	Hero / banner image for the Nootropics section
Dimensions	1440 x 480 px (desktop) — mobile crop guidelines welcome
File format	PNG or JPG; WebP also accepted; minimum 150 KB, maximum 5 MB
Content	Brand-aligned imagery for nootropics / brain health (no copyright issues)
Text overlay	Specify any headline or tagline to be placed on the banner (if any)
Delivery	Google Drive / Dropbox / direct upload

If no custom photography is available, please confirm whether you would like the development team to select a relevant stock image as a placeholder, or if you will arrange custom creative. **We cannot go live with this section without a banner.**

Background

The **About Brain** section currently contains claims and content that are expected to align with the **Academy** component of the platform. However, we do not have clarity on:

- What the 'Academy' module/section covers in terms of content and scope.
- Which specific claims or statements in 'About Brain' must match the Academy material.
- The tone, depth, and target audience of the Academy content.

What We Need From the Client

- A brief written description of what the Academy section should cover (topics, courses, articles, videos, etc.).
- Any existing Academy content — even draft or rough notes — so we can align the 'About Brain' claims accordingly.
- Confirmation of which claims in 'About Brain' are directly tied to Academy offerings (e.g., research references, certifications, methodologies).
- Your suggestions for the tone: clinical & research-backed, motivational & wellness-focused, educational & layered, or a blend.

Why this matters: The 'About Brain' section is often the first detailed section users read. Misalignment between what is claimed there and what the Academy actually delivers will create confusion and erode trust. We want to ensure perfect consistency before launch.

Action Items — Response Required

#	Action Required	Owner	Deadline
1	Share Yoga Nidra mantra video files or hosted URLs	Client	TBD
2	Confirm payment section name + share updated credentials (see email)	Client/Dr. Sweta	ASAP
3	Provide Systemized Care Program video URL Excel sheet	Client	TBD
4	Deliver Nootropics section banner image	Client	TBD
5	Share Academy content brief & confirm About Brain alignment	Client	TBD

For any questions regarding this document, please contact the Limitlessbrainlab Development Team. This is a working requirements document — deadlines marked 'TBD' will be finalised upon client confirmation.
