

SAMPLE CLINIC

Logo to be replaced

Page 1

NeuroSense Upload Test Document

Use this PDF to test the Upload Other Documents flow. The sample clinic logo is deliberately placed in the top-right area that the backend replaces with NeuroSense branding.

Document Details

Patient Name: Test Patient

Document Type: External Report / Other Document

Generated Date: July 2, 2026

Purpose: Upload validation and logo replacement test

Verification Checklist

1. Upload this PDF through the Upload Other Documents area.
2. Wait for the logo replacement process to finish.
3. Download the processed _NeuroSense.pdf file.
4. Confirm the top-right Sample Clinic logo was replaced.

Expected result

After upload, the top-right logo block should be covered and replaced with the NeuroSense logo on each page.

SAMPLE CLINIC

Logo to be replaced

Page 2

Second Page Logo Replacement Check

This second page also includes the sample clinic logo in the top-right corner. The backend uses a smaller cover area on non-first pages, so this page validates that behavior too.

No real patient data

This is only a synthetic PDF for upload testing.
