

NEUROSENSE QUANTITATIVE TRANSLATIONAL EEG INTELLIGENCE

Name	Test Patient - Score Verification
Date of Birth	N/A
Age	35 years
Gender	Male
Handedness	Right

Brain Health Assessment Results

Based on your QEEG analysis, here are your brain health parameters scored from 0-3, where higher scores indicate better performance.

1) Cognition

[scoring system score is 2 / 3]

Cognition bucket !' Medium

2) Stress

[scoring system score is 1 / 3]

Stress bucket !' Low

3) Focus & Attention

[scoring system score is 2 / 3]

Focus & Attention bucket !' Medium

4) Burnout & Fatigue

[scoring system score is 1 / 3]

Burnout & Fatigue bucket !' Low

5) Emotional Regulation

[scoring system score is 3 / 3]

Emotional Regulation bucket !' High

6) Learning

[scoring system score is 3 / 3]

Learning bucket !' High

7) Creativity

[scoring system score is 2 / 3]

Creativity bucket !' Medium

Brain-Type Pattern:

Cognition M · Stress L · Focus & Attention M · Burnout & Fatigue L · Emotional Regulation H · Learning H · Creativity M

Your Brain Type Classification

Type C

Disorganized or Chaotic Brain

Overall Score

14/21

Your brain shows variable patterns suggesting regulation challenges. Focus on establishing routine and improving coherence.

Key Characteristics

- Variable brain wave patterns
- Low coherence
- Inconsistent alpha activity
- Poor alpha modulation
- Mixed arousal levels

Personalized Recommendations

Herbal Nootropics:

Ashwagandha, Rhodiola, L-Theanine

Essential Supplements:

Omega-3, B-Complex, Magnesium

Brain Training Practices:

Diaphragmatic Breathing, Alternate Nasal Breathing, Body Scan
